

Structure of the Module 3 Test

- Date: 30/08/2022, the test window will stay open from 9 pm to 11 pm. You can start anytime in this slot.
- The test will be taken on the platform called Mettl.
- Students will have to write the function for the given problem. (Leetcode format)
- Topics: All the topics that have been covered in the Module.
- Total time: 2 hours
- Total Marks: 100
- There will 3 coding questions in total:
 - Easy- 20 marks
 - Medium- 30 marks
 - Difficult- 50 marks
- Passing marks: 60%(60 marks) or more.
- This test will be protected through a webcam and microphone. In case you try to cheat in the exam, the test will get terminated automatically.
- Students who will be failing in this test will have to repeat Module 3 from the start. This is to ensure that at the end of the Module you are proficient in all the topics taught.

Your instructor will be taking a session in a couple of days to explain all these points in a bit more detail.
